Lynch Development Associates
74 New York Avenue, Suite 2
Huntington, NY 11743

Dear Kevin,

“We couldn’t have done it without you.” So many occasions prompt that expression but the Capital Campaign you implemented at St. John of God Parish in Central Islip deserves above all that grateful accolade.

While, at first, the one million dollar goal seemed daunting, but LDA analysis of our capabilities and the strategy to educate campaign committee, parishioners and train team volunteers, achieved pledges over \$1.2 million!

In particular, the well-organized Campaign Directors with their bi-lingual talents fostered a real sense of faith community amidst ethnic diversity. They helped build solidarity that remains palpable as together we are “Restoring the Glory” of worship space in church and chapel.

May your commitment in fundraising continue to tap resources successfully which will enhance the faith life of the church wherever you are engaged for development!

God bless all at Lynch Development Associates!

Rev. Msgr. James M. Kissane
Pastor
