Dear Kevin:

I would like to begin by thanking you and your team, mainly Alexis Bulkley, for pulling us together out of chaos. Not that we were in complete chaos, but in the goal setting process towards new church construction, we needed direction.

From the first presentation you made to our Pastoral and Finance Councils, I knew your company was the one to guide us through the Feasibility Study and the Capital Campaign. As we realized a 98% positive position with the parishioners and a new direction you agreed and encouraged moving forward with the campaign. As we stuck to the schedule of events you constructed for us, I began to realize the amount of work that takes place behind the scene out of the sight of the parish. You and Alexis showed patience with myself, my staff and our committee not failing to encourage us with positive motivation. Keeping us on target showed the result in the success of surpassing our goal in 12 weeks.

Reinforcing education of our project and all of the history that surrounds us as a parish brought this campaign to fruition. I thank you for all of your assistance and support in our project. I am looking forward to extending an invitation to you for our ground breaking in 2008 and dedication in 2009.

May God continue to guide and bless your efforts in the future.

Sincerely;

Rev. Edward F. Heintzelman
Pastor
